

THE BOURBON NEWS

PUBLISHED EVERY TUESDAY AND FRIDAY IN THE YEAR.

VOLUME XXXVII

PARIS, BOURBON COUNTY, KENTUCKY, TUESDAY, JANUARY 22, 1913

COAL DEALERS HEAR FROM LOCAL FUEL COMMISSIONER.

Mr. James H. Thompson, Chairman of the Bourbon County Fuel Commission, has sent each coal dealer in Paris and Bourbon county a copy of the following letter, in which the dealers are given explicit instructions regarding the disposition of coal which comes to the markets:

"Paris, Ky., Jan. 17, 1913.

"Dear Sirs:—
"You are hereby advised that the Federal Fuel Commissioner of Kentucky has fixed the following gross margins of profits on coal sold by dealers in Paris and Bourbon County, viz:

"On coal delivered to the sidewalk or cellar of the consumer, \$1.90 per ton; on coal taken by the consumer from the railroad car, \$1.25 per ton.

"Also you are advised of the following order issued by the Federal Fuel Commissioner of Kentucky:

"Due principally to the publicity given the shortage of coal and the difficulty experienced in providing for the requirements of all consumers, the situation has developed whereby consumers with coal anticipating a shortage in the near future are unnecessarily adding to their supplies. The hoarding of coal by the individual beyond his immediate necessities and the delivery of coal by the dealers in a community in quantities beyond these actual necessities should be discouraged in every possible way. To insure fairness in the distribution of coal, it has become necessary to put in operation a plan similar to that in effect in other cities throughout the country. In this connection I am sending you a supply of declaration forms to be furnished the retail dealers with instructions to require all purchasers of one ton or more of coal to fill the same, which declaration shall be kept on file by the retailer, subject to the inspection of the Fuel Administration. It is absolutely necessary that this be done at once in order that coal may be confined in so far as possible to those in need of fuel and delivery prevented to consumers with supply on hand.

"Enclosed herewith are the declaration forms which you will please use under the above instructions.

"Assuring you of our willingness to serve you and the citizens of this community, we are

"Very truly yours,
"Bourbon County Fuel Commission.

"By J. H. Thompson, Chairman."

In connection with the above the following extract from a letter to Mr. Thompson by Mr. Wiley B. Bryan, of Louisville, Federal Fuel Administrator for Kentucky, will indicate to whom the matter of complaints regarding a coal shortage should be referred:

"All complaints or applications for relief should be made to the chairman of the local committee. No action can be taken except upon its recommendation and report as outlined. This will be saved by addressing communications direct to the local committee. A shortage reported by a dealer or consumer may indicate nothing more than an individual and not a community shortage. Complaints or applications sent to the United States Fuel Administrator or the State Administrator will merely be referred to the local committee. This committee will make a thorough investigation and report its findings with recommendations, to the State Fuel Administrator. If the latter, by exercising his authority, cannot get the relief to which the case is entitled, he will seek aid from Washington. The Fuel Administration cannot act except where the facts placed before it prove a general emergency, involving the whole community. Our duty is to assist the local committee and your duty is to educate the people in your county to communicate with you instead of directly with the State Administrator."

BILLIE BURKE IN "ARMS AND THE GIRL" TO-MORROW

Billie Burke and frills belong together even as apple pie and cheese. But there are other Billie Burkes, new and fascinating Billie Burkes, whom we are meeting and getting fond of in her recent Paramount pictures. In "Arms and the Girl," her latest Paramount picture which will appear at the Alamo Theatre and Grand Opera House to-morrow afternoon and evening, we meet a disheveled, smocked and wooden-shoed Billie Burke, who is quite as fascinating as the more sophisticated actress of her former productions. As to comfort, Miss Burke declares that when women vote for a universal uniform, her vote shall be for the all-enveloping smock of the continentals—the Belgians and the French.

CORRECT TEXT OF THE FUEL COMMISSION ORDER

There has been so much discussion pro and con, concerning the provisions of the fuel saving order recently promulgated by the National Fuel Commission that the issue has become somewhat obscured. THE NEWS has obtained a statement from Mr. James H. Thompson, Chairman of the Bourbon County Fuel Commission, which is official and final.

The statement follows:
"The Bourbon County Fuel Commission has endeavored, in interpreting the order issued January 17, 1913, by the United States Fuel Commission, to construe the spirit as well as the letter of the law.

"The information contained below, as sent us under official stamp from Mr. Wiley Bryan, of Louisville, State Fuel Commissioner, is authoritative and official:

"Manufacturing places ordered closed on January 18, 19, 20, 21 and 22, are obeying the order and are showing such a desire to co-operate with the Fuel Administrator in a patriotic and loyal manner, the committee does not feel that it is necessary to issue any special interpretation regarding the order issued for these five days.

"By executive order dated January 17, 1913, the United States Fuel Administration directed that no fuel should be used on Mondays, January 21, 22, February 4, 11, 18, 25, March 4, 11, 18, 25, for heating or lighting any building or room for any business purpose whatever, except offices used by the United States, State, county or municipal government, transportation companies, banks, trust companies, physicians and dentists, and such as are used in connection with the production or distribution of fuel; also wholesale and retail groceries, which are allowed to open until 12 o'clock noon, for the purpose of sale of food only. In this case is included those persons handling food for stock; also transportation companies are allowed to use fuel to the extent that same was used on the Sunday previous and no more.

"No fuel whatever is to be used in any other business house which is open for business during the twenty-four hours beginning at 12 o'clock Sunday night and ending at 12 o'clock Monday night.

"This order does not apply to hotels and restaurants where liquor is not sold.

"Where a building is not open for business, fuel may be burned in sufficient quantity only to prevent injury to property from freezing; also printers and publishers of daily newspapers may burn fuel to such an extent as is necessary to issue such editions as such paper customarily issues on important national legal holidays, and where such papers do not issue any edition on a holiday they are permitted to issue one edition on said Monday.

"For the purpose of selling drugs and medical supplies only, drug stores may maintain necessary heat throughout the day and evening.

"Theatres, moving picture houses, bowling alleys, private and public dance halls or any other places of amusement may open Mondays. On Tuesdays these places are forbidden to use fuel or light inside or outside.

"All laundries are exempt from the closing order on Mondays as well as the five-day closing period.

THE BOURBON COUNTY FUEL COMMITTEE.

"By James H. Thompson, Chairman.
"John T. Hinton,
"Jno. T. Collins,
"Samuel Clay,
"Dr. C. C. Fisher,
"—Committee."

IN THE SERVICE.

Mr. Miller Casey, of Paris, grandson of Mrs. Bettie McIlvaine, left last week for Ft. Still, in Nebraska, where he will enter the service of the United States in the cavalry training camp.

Mr. Clay Kiser, of Paris, who came home from the big Spears ranche, near Alberta, Canada, for examination for army service, returned yesterday to Canada. Mr. Kiser had suffered the loss of two fingers and was placed in Class A. He will not be called for some time yet.

Mr. E. Coulthard Fritts, son of Mr. and Mrs. Clarke Fritts, formerly of Paris, who has been stationed at Ft. Jefferson Barracks, Mo., on special duty, has been transferred to another department. Mr. Fritts is a grandson of the late Mr. John E. Coulthard, who for years operated the old grist mill on the Coulthard road, near Paris. He is a graduate of Georgetown College. When he received his appointment to army service he was teacher of physics at the University of Illinois, at Champaign, Ill.

FARM CENSUS BLANKS FOR TEACHERS FOR "TAG-YOUR-SHOVEL DAY."

Please call at the County Superintendent's office before January 24, 1913, and receive your quota of Farm Census blanks for the above work.

Also, receive the tags to be used in "Tag-Your-Shovel-Day" campaign Jan. 30, 1913. On this day tags representing a shovel and bearing suggestions for saving coal, are to be tied to practically every coal shovel in the country by the school children. Like the proverbial "string around the finger to remember by," these will act as a constant reminder of the householder to use his coal carefully.

Instruct children to take these tags home January 30 and tie to the family coal shovel, arranging to have volunteers from among the pupils tag the shovels in homes where there are no school children.

The shovel tag will be a constant reminder before the family that one of the greatest services we can render toward winning the war is conserving coal.

All this work is going to require some time, but I am sure that you will feel glad of the opportunity to thus work for freedom.

J. B. CAYWOOD,
County Superintendent.

TO THE COAL CONSUMERS OF BOURBON COUNTY.

It is the desire of the Bourbon County Fuel Commission to serve the community in every way possible during the great emergency now existing on account of the fuel famine.

Due to the great expense of delivering coal in small quantities and to the fact that the dealers' profit is limited by the Government, we would urge all persons who purchase coal in small quantities to go to the coal yards and make their own deliveries. In doing so they secure coal at the same price at which it is sold in larger quantities.

JAS. H. THOMPSON,
Chairman Fuel Commission of Bourbon County.

SCHOOLS NOT INCLUDED IN GARFIELD'S FUEL EDICT.

Several teachers have called asking if Dr. Garfield's order to observe Monday as a holiday for next 10 weeks applied to the public schools?

In reply will say that I have just talked to Supt. V. O. Gilbert in regard to same and he says that it does not apply to the public schools.

J. B. CAYWOOD,
Superintendent.

THE WEATHER MAN STILL GOING STRONG.

Weather conditions in this section are practically unaltered, zero temperature prevailing yesterday and for several days previous. Thermometers in various localities yesterday registered eight below zero.

Snow and ice continue to hold on, interrupted sway, and the Weather Bureau holds out no hope of relief. County roads are in slightly better shape, due to the fact that they are being worked, and people from the county precincts are enabled to reach Paris.

Mayor January and City Foreman Mallaney did splendid work with the city street cleaning department in clearing Main street of the vast accumulation of snow last week. The men worked with a will cleaning approaches to sewer inlets and fire hydrants of ice and snow. Main street is now in a passable condition, thanks to the good work done last week by the department.

Workmen are gradually getting the telephone system in the county back in shape again. Farmers throughout the county have filled their ice houses with fourteen-inch ice.

Temperatures far below the seasonal averages during the four days are forecast for the territory east of the Mississippi affected by the fuel restriction area. Intense cold is now being experienced in the Ohio Valley.

Twenty-five fat hogs belonging to Mr. Thomas Henry Clay, Jr., fell victims to the extreme cold last week. The animals had been placed in shelter, on the farm, but the cold was too severe. When one of the hands went to feed the hogs he found them frozen to death.

The extreme cold has played havoc with potatoes stored in cellars. One farmer residing on the Georgetown pike had 1,500 bushels of potatoes stored in his cellar. The whole lot was frozen, making a complete loss. Another farmer lost six hundred bushels, which were frozen and rendered absolutely worthless as food.

LETTERS FROM FRANCE.

Letters have been received in Paris by Mr. and Mrs. R. B. Hutchcraft, from their son, Lieut. R. B. Hutchcraft, Jr., who is somewhere in France with the American Expeditionary Force under command of General Pershing. The letters are in Lieut. Hutchcraft's usual entertaining style and relate in graphic way his experiences and impressions of the army life in France.

FATALLY BURNED BY CLOTHES CATCHING FIRE.

Mrs. Grover Butler, aged twenty-one, wife of Mr. Grover Butler, the Main street liveryman, was fatally burned about the face, head and body early yesterday morning, when her clothing caught fire from a gas stove.

Mrs. Butler had just finished breakfast, her husband having gone to the stable, and was standing with her back to the gas stove. A gust of air blew her dress into the stove, and in a minute her clothing was a mass of flames. The unfortunate woman ran screaming into the street, first going to the home of Mrs. Elizabeth Hughes, and then endeavored to reach the stable, a short distance away, but fell in the snow. Neighbors and Mr. Butler hearing her screams, ran to her assistance, her husband smothering the flames with a heavy blanket. Mrs. Butler was taken to her home and physicians summoned, who applied first-aid-to-the-injured remedies. Mrs. Butler's body was badly burned, particles of flesh adhering to the blanket when it was removed by the physicians.

The Davis ambulance was summoned, and Mrs. Butler removed to the Massie Memorial Hospital, where every effort was made to relieve her sufferings. She lingered in intense agony until two o'clock, when death came. The body was taken to the home of her father-in-law, Mr. W. O. Butler, on the Bethlehem pike, near Paris.

Mrs. Butler is survived by her husband, Mr. Grover Butler; two sisters, Mrs. A. Toadvine, of Bourbon county, and Mrs. Wm. Hitch, of Millersburg, and one brother, Mr. Roy Clifford, of Millersburg.

Funeral services will be held at the residence of Mr. W. O. Butler, on the Bethlehem pike, at 10:30 o'clock to-morrow (Wednesday) morning, conducted by Rev. R. C. Goldsmith, pastor of the Paris Baptist church. The interment will follow in the Paris Cemetery.

RURAL MAIL CARRIERS HAD THEIR TROUBLES.

How would you like to be a rural mail carrier? Not much, if you had some of the experiences that befell the Bourbon county carriers last week.

All of the carriers on the eight routes out the Paris postoffice reported they had a great deal of trouble in making their trips last week. In some places the snow was so deep that they were compelled to leave the road and make a detour through fields in order to get over their routes. One of the carriers, Mr. John Spears, on rural route 1, had four fingers frozen in the performance of duty serving patrons on his route.

Other carriers made unsuccessful attempts to keep up their schedule trips.

On the whole, the patrons of the eight rural routes were well taken care of by the carriers, who braved the elements and personal discomforts in performing their duties. The patrons of these routes should bear with patience such delays as may occur during this weather, as they are inevitable, and they should consider themselves fortunate in having such a good class of men at their service.

GERMAN ALIENS MUST REGISTER AT ONCE.

Upon Chief of Police Fred Link will develop the duty of registering any German aliens who may be in Paris or Bourbon county. Chief Link is in receipt of a copy of the general rules and regulations prescribed by the Attorney-General of the United States, which covers the registration of alien enemies. The instructions issued by Chief Link to alien enemies of German birth in Bourbon county, are as follows:

"By order of the Attorney General of the United States, this is to notify all natives, citizens, denizens or subjects of the German Empire or of the Imperial German Government, being males of the age of 14 and upwards, who are within the United States and not actually naturalized as American citizens that they are required to register as such aliens in the manner provided by law, full details will be published generally as news items in the daily press.

"The place of registration will be at the Engine House in City Hall, on High street.

"The time of registration and date thereof are as follows: Beginning at 6:00 a. m. on the morning of February 4, 1913, and continue each day between the hours of 6:00 a. m. and 8 p. m., up to and including February 9, 1913, on which day said registration shall cease at 8:00 p. m."

"FRED LINK,
"Chief of Police, Paris, Ky."

BOYS COMING OF AGE NEXT TO REGISTER.

At the request of the War Department, Chairman Chamberlain, of the Senate Military Committee, introduced a bill for the registration for military duty of all men who have become 21 years old since June 5, 1917, when the draft law went into effect.

Another bill which Senator Chamberlain introduced at the request of the Administration would provide for furloughing National Army men for harvesting crops and other agricultural duty.

Another bill would put the quota of the States on the basis of available men in the first class instead of on population.

In determining upon the registration of men who have become 21 years of age since the draft law was enacted the War Department has rejected any plan to raise the age limits of the draft to take men more than 31 years old. Registration of men who have become of age since the draft law was enacted was recommended in the recent report of Provost Marshal General Crowder as one of the means by which a supply of men for the National Army might be assured without taking those who might have others dependent upon them. It could be done also, the Provost Marshal General pointed out, by extending the age limits above the present line of 31. The War Department has adopted the first suggestion. It is estimated that it will add about 700,000 men to the draft available each year.

WITHERS DAVIS.

TOBACCO SALES TO RESUME TO-MORROW.

Tobacco sales will be resumed on the breaks at both the local tobacco warehouses to-morrow. A meeting of the Tobacco Board of Trade was held Saturday to debate the matter of reopening. Several were in favor of opening yesterday, but after discussion, it was decided to wait until Wednesday.

Mr. John T. Collins, manager of the Bourbon Tobacco Warehouse Company, opposed the motion to resume sales yesterday, stating that his house would conscientiously observe the fuel conservation demands, and that there would be no sales at the Bourbon and Paris Warehouses until Wednesday.

Large consignments of tobacco were received at both houses yesterday, ready for the sales to-morrow. A large number of farmers have been bringing their tobacco to the market on sleds.

SUSPECTED AUTO THIEVES.

Chief of Police Link is in possession of a 1916 Model seven-passenger Studebaker touring car, for which he is endeavoring to find an owner. Chief Link secured the car while arresting two negro men on a charge of stealing valuable fur buggies robes.

Two robes, one belonging to Mr. John Wiggins, the other to Mr. Mr. Charlton Alexander, were stolen from a local stable not long ago by sneak thieves. The trail in the search for the culprits finally led to two negroes, Elmer Redd and Lester Douglas, who were placed under arrest and lodged in jail. Both men confessed. The automobile was also a part of their loot. The men claimed to have bought the machine in Indianapolis. Chief Link took charge of the machine, and is endeavoring to locate the owner. The rugs were recovered by the Chief and returned to their owners.

Fire, Wind and Lightning Insurance. Thomas, Woodford & Bryan.

MAKE A TEST RUN.

Mayor January made a test of the working of the fire alarm system Saturday morning by sending in an alarm from Box 13. The big tower bell on the roof of the fire department, which has been out of commission for some time, was placed in good working order last week, and the alarm system given a general overhauling. In order to test its workings, the Mayor pulled Box 13, at Seventh and Main. The department responded in good time and satisfied the Mayor that they were on the job to the minute, day or night.

EDITORIAL MUSINGS.

For All 'Less' Days.

My Tuesdays are meatless,
My Wednesdays are wheatless;
I'm getting more eatless each day.
My home is heatless, my bed is sheetless,
They're all sent to the Y. M. C. A.
The bootleggers are treatless,
My coffee is sweetless,
I'm getting almost speechless,
My socks are feetless,
My trousers are seatless,
Gee! How I do hate the Kaiser—
But I'm getting poorer and wiser!

"Do You Remember —?"

All previous winter records have been thrown into the discard, and that which has been in the making since the seventh day of December certainly takes front rank, at least in the opinion of Paris people.
Old King Winter has everybody guessing what sort of cold stunt he will pull off next. If there is any variety of weather we have not experienced lately, pray let's have it now, and not prolong the darned thing into the middle of May.
We have been to some pains to look up the oldest inhabitant of Paris to get a few notes from him of recollections of any worse winter than this, but the aged gentleman is, for once, unable to recall any lasting brand like this—and the worst of it is, that the end may not yet be in sight!

Satan Resigns To Kaiser.

THE NEWS man occasionally gets an inspiration, some might call it a brain-storm, but at any rate, it comes like a dream, and gets by. The other night, after a course luncheon, followed by a strong cigar, donated by a friend who sympathized with him in the woes and troubles that visit the newspaper man, he got the following out of his system:

"The Devil sat by a lake of fire
On a pile of sulphur kegs;
His head was bowed upon his breast,
His tail between his legs;
A look of shame was on his face,
The sparks dropped from his eyes.

"I'm down and out" the Devil said
He said it with a sob.
"There are others who outclass me,
And I want to quit the job.
Hell isn't in it with the land
That lies along the Rhine,
I'm a has-been and a piker
And, therefore, I resign."

Paris Fortunate.

It is exceedingly fortunate for the city that so many of our citizens are using gas for fuel during the present long-continued cold weather. To that cause can be attributed the few fires which have occurred.

In former years some of the most disastrous conflagrations have visited the city during extremely cold spells, most of them finding their origin in the accumulation of soot caused by the burning of soft coal. Instead of gas causing soot, if the vent from a gas stove is run into a flue formerly used for coal smoke, the chemical action is such that every vestige of ashes and soot is cleaned off the inner lining of the

flue, leaving nothing to take fire should a spark fall into it.

The records of the fire department show a very marked falling off of fires since the introduction of gas as a fuel, most of which have heretofore been attributed to foul flues.

Feeling the Pinch

When the various non-essential industries are closed, as they will be under the Federal order, the first pinch of war will be felt by many persons who have not yet realized that we are actually at war.

"You must suffer before you know you are at war," said an Englishman to an American. "And when you begin to suffer in pursuance of the war, you will begin to realize the fact of war."

The proprietors and the patrons of non-essential institutions could not otherwise be awakened to the fact of war as surely and as simply as by having their customary activities or amusements cut short by the coal shortage.

THE NEWS cannot take pleasure in seeing any place of business "lidded" on account of a lack of fuel for essential business purposes. The non-essentials make life worth living. But at the present time the people of Paris and Bourbon county must not think of life being worth living otherwise than when there is freedom from the tyranny of a land-seeking, power-seeking Empire. We must take our first little dose of the medicine of war with good grace, and to expect others more drastic in the future.

FOR THE PRIMER CLASS.

(Courier-Journal)

The Hoover Bureau has responded to a proposal from the Literary Digest that a statement upon food conservation be made plainly and tersely in order that even school children may understand it. The matter provided by the United States Food Administration is published "especially for High School use." From it, for the benefit of the primer class in general conservation, the Courier-Journal clips the following:

It isn't a question of money at all. If a man has a dollar and spends it unwisely, wastes it, in fact, he can always say to himself: "That was very foolish and wrong of me. And I'm sorry. But it's done now, and the best thing I can do is to go ahead and earn another dollar and not waste that."

But the case is not the same with food. If you waste a dollar, that dollar has merely gone into some one else's pocket or cash register or bank. It still exists. But you waste food—let it get into the garbage-pail and be thrown away—that food like the heroine of the old song, is "lost forever." Being sorry afterward will not bring it back. That amount of food is simply subtracted from the world's supply. Subtracted and lost as a weapon for winning the war.

To get at the reasons for conserving other consumable commodities which are needed in the war, by simple means, substitute for "food" in the statement of the Hoover Bureau, any one of the following words:

Steel, Iron, Lumber, Wool, Cotton, Leather, Labor.

The list of substitutes for the word "food" which could be employed to make it clear why conservation is exigent is, of course, much longer. Think over a list of articles and commodities used ordinarily, and all consumable, and add to the list those which we have not included. Reflect upon the fact that nearly everything you use is a product of mines, forests or fields, plus labor, and that in nearly every case it is plus haulage in freight cars or otherwise, and that in all cases it is consumed by the buyer.

Even the mahogany bedstead you inherited from your great-grandfather was consumed—in that it was removed from the world's heap of merchandise and put to private use—when it was bought. A majority of your purchases are consumed physically in that deterioration from use makes them eventually useless. The buyer who uses longer than he otherwise would use the consumable article, and therefore does not get another article in its place, conserves commodities just as much needed as food for the winning of the war.

REVISED TEXT OF THE CLOSING ORDER.

WASHINGTON, D. C., January 21.—The following is the revised text of Fuel Director Garfield's drastic closing order, which was effective at midnight, Thursday, January 17.

A regulation making provision for a more adequate supply of fuel for railroads, domestic consumers, public utilities and other uses necessary to the national security.

The United States Fuel Administrator, acting under the authority of an executive order of the President of the United States dated August 23, 1917, appointing said Administrator, in furtherance of the purpose of said order and of the purposes of the act of Congress therein referred to approved August 10, 1917, finding it essential effectively to carry out the provisions of this act, to make provision for a more adequate supply of fuel for railroads, domestic consumers, public utilities and for other uses necessary to the national security in certain parts of the United States, hereby makes and prescribes the following regulations:

Section 1. Until further orders of the United States Fuel Administrator all persons selling fuel in whatever capacity shall, in filling their contracts for orders now on hand, give preference to necessary current requirements of railroads, domestic consumers, hospitals, charitable institutions, army and navy cantonments, public utilities, by-product coke plants supplying gas for household uses, telephones and telegraph plants, shipping for bunker purposes, the United States for strictly governmental purposes (not including factories or plants working on contracts for the United States), manufacturers of perishable food or of food for necessary immediate consumption, and municipal, county or State governments for necessary public use. Any tonnage remaining after the foregoing preferred shipments have been made, may be applied in filling any other contracts or orders.

Section 2. On the following days, namely, January 18, 19, 20, 21 and 22, 1918, the State Fuel Administrators and their accredited representatives in the various communities in the territory in which this regulation applies, are hereby empowered and directed to divert such fuel as arrives in communities in carload lots to keep current requirements, and to provide an adequate and normal supply for such consumers of fuel as are specified in Section 1 hereof.

Section 3. On the following days, namely, January 18, 19, 20, 21 and 22, 1918, and also on each and every Monday beginning January 23, 1918, and continuing up and including March 25, 1918, no manufacturer or manufacturing plant shall burn fuel or use power derived from fuel for any purpose, with the following exceptions:

(a) Plants which necessarily must be continuously operated seven days each week to avoid serious injury to the plant itself or its contents may use only such quantity of fuel as is necessary to prevent such injury to the plant or its contents.

(b) Manufacturers or plants manufacturing perishable food or food necessary for immediate consumption.

(c) Manufacturers of food not perishable and not necessary for immediate consumption may burn fuel to the extent authorized by the Fuel Administrator of the State in which such plant is located or by his fully authorized representative upon application by the United States Food Administrator.

(d) Plants necessary to the printing and publication of daily papers may burn fuel and use power derived therefrom as usual, except that on every Monday, from January 21, to March 25, 1918, inclusive, they may burn fuel or use power derived therefrom in only to such extent as is necessary to print and publish editions as such plant customarily prints and publishes on legal holidays other than the Sabbath; or if such plants do not customarily print or publish any editions on such legal holidays, they may burn fuel or use such power to such extent as is necessary to issue one edition on the said Monday.

(e) Printing establishments may burn fuel on January 18, 19, 20, 21 and 22, 1918, to such extent as is necessary to issue current numbers of magazines and other publications periodically issued.

Section 4. On each Monday, beginning January 21, and continuing up to and including Monday, March 25, 1918, no fuel shall be burned, (except to such an extent as is essential to prevent injury to property from freezing) for the purpose of supplying heat for:

(a) Any business or professional offices, except offices used by the United States, State, county or municipal governments, transportation companies, public utilities companies, telephone and telegraph companies, banks, trust companies, physicians or dentists.

(b) Wholesale or retail stores or any stores, business houses or business buildings whatever, except that for the purpose of selling food only, stores may maintain necessary heat on any of the specified days until 12 o'clock noon, and except that for the purpose of selling drugs and medical supplies only, stores may maintain necessary heat throughout the day and evening.

Section 5. On each Monday, beginning January 21, 1918, and continuing up to and including March 25, 1918, no fuel shall be burned for the purpose of heating rooms in which intoxicating liquor is sold or served on these days.

"Nothing in this regulation shall be construed to forbid the heating of restaurants, hotels or other places in which meals are served, but in which no intoxicating liquor is sold or served on the said Mondays."

Save a loaf a week help win the war

movement of surface, elevated, subway or suburban trains in excess of the amount used on the Sunday previous thereto.

Section 7. Nothing in this regulation shall be construed to apply or to affect the operation of any mine or plant producing fuel, nor shall this regulation be construed to forbid the heating of said rooms or offices, or such portions of buildings as are used in connection with the production, transportation or distribution of fuel.

Section 8. State Fuel Administrators and their representatives specifically authorized so to do are hereby empowered to grant such relief as may be essential to prevent injury to health or to prevent disruption of or injury to property destroyed by fire or freezing.

Section 9. This regulation is effective throughout the United States east of the Mississippi River, including the whole of the States of Louisiana and Minnesota.

Section 10. Any person, firm, association or corporation which violates or refuses to conform to the above regulation may be liable to the penalty prescribed in the aforesaid act of Congress.

H. A. GARFIELD.

Got the Other Place.

A practical joker called up the telephone operator and said: "Hello, Central. Give me heaven," but that isn't what she gave him.—Youngstown Telegram.

CONSTIPATION AND INDIGESTION

"I have used Chamberlain's Tablets and must say they are the best I have ever used for constipation and indigestion. My wife also used them for indigestion and they did her good," writes Eugene S. Knight, Wilmington, N. C. Obtainable everywhere.

OUR ALLIES' PURCHASES HERE.

Most of the money advanced by the United States to the nations of Europe engaged in war with Germany is spent in this country for the products of our farms, mines and factories.

Under the arrangement made by the Secretary of the Treasury and approved by the President, these allied government communicate their requirements for materials and supplies to a United States commission through their own designated purchasing agents in this country and the commission then renders its best efforts to obtain advantageous terms which are submitted to the purchasing agents.

By these means competitive bidding against the other allies and against the United States is avoided and the same terms and the same treatment our own Government receives is accorded to our allies.

It is expressly stipulated that no obligation or liability upon the United States shall be created by this arrangement. Our Government is simply lending its assistance to our allies in the spending here of the money we loaned them. The protection thus granted them is deserved, for they are doing work which, if they do not do, must be done by America at the expense of American lives and American money.

It is doubtful if the auctioneer would make a good sailor in spite of the fact that he knows all about sales.

Of course, Mr. McAdoo is a very capable man, but it takes a very capable man, to hold the offices of Secretary of the Treasury, Director-General of the Railroads of America and official son-in-law of the Administration.

FOR SALE

Handsome set of furniture for "den." Consists of cellarette, double settee, with table attachment, floor clock, secretary, center table, etc. Set is finished in mission and is good as new. Can be bought at a bargain. Call at THE BOURBON NEWS office. Both phones 124. (tr)

Eye-Strain Illness

Is plain to be seen in the weakened and irritated appearance of the eyes; the persistent and distressing headaches; pains in temples or forehead; blurring together of letters; that frown which is beginning to spoil the face. Together with these, there is the effect on the general health, which is great in many cases. Let me give you the benefit of my several years' daily experience in expert eye testing and correct fitting of glasses for eye-strain in all its forms. Yours for better eyesight.

Public Sale

BUSINESS PROPERTY

I will sell at public auction, on the premises, at 1329 Main Street, on

MONDAY, FEBRUARY 4, 1918,

at about 11:30 a. m., the brick business house now occupied by the Paris Garage.

This building is a modern two-story brick building, facing 39.6 feet on Main Street, and runs through the entire block to High Street, being equal width throughout, the building covering the entire lot.

This is an excellent business location, having for years been rented out profitably. The rear of the building is on the Paris Interurban car line, making the unloading and loading of freight from the rear of the building, to and from the interurban cars, most convenient, and effecting a considerable saving to the occupant of the building in drayage charges. Has gas, water and electric lights.

The second floor of the building is fitted up into a commodious and modern flat, equipped with water, gas and electric lights, and which is also a substantial revenue producer.

For further information, apply to the undersigned.

TERMS—One-third cash, the balance in equal payments due and payable in one and two years from date, said deferred payments to bear 6 per cent. interest from said sale date.

SAM CLAY, Agent,
or A. B. HANCOCK,
Paris, Ky.

(18-5t)

Master Commissioners Sale of Land

BOURBON CIRCUIT COURT

MARY L. BURBRIDGE, ETC.,

VS—Master's Sale of Land.

JAMES BURBRIDGE, ETC.,

PLAINTIFFS

DEFENDANTS

Under and by virtue of a judgment and order of sale rendered at the November, 1917, term of the Bourbon Circuit Court in the above styled Action therein pending, the undersigned Master Commissioner, on

MONDAY, FEBRUARY 4, 1918,

at the front door of the Court House, in Paris, Ky., at about the hour of 11 o'clock a. m., will sell at public auction to the highest and best bidder, the following described property:

1st—A tract of 53 acres lying on the Bethlehem and Paris and the Bethlehem and Hutchison Station Turnpikes, in Bourbon County, Kentucky, being known as the "Home Place," and bounded as follows: Beginning at 1 in the angle of the turnpike, thence N 37° degrees 19 minutes W. 84 to 2, a deflection in the turnpike; thence S. 58° degrees 49 minutes W. 35.28 poles to 3; thence with a line fence N. 53° E. 74.92 poles to 4, a stone; thence S. 67° degrees 29 minutes E 112.48 poles to 5, a stone; thence S 4 degrees 30 minutes E. 73.48 poles to the beginning, containing fifty-three acres of land.

2nd—A tract of 15.33 acres described as follows: Beginning at E. a corner to Marion Hall, thence with his line N. 78. 3-8 E. 28.24 chains to 6; thence with the center of the Paris and Bethlehem turnpike S 3 1/4-9.23 chains to 5, a corner to No. 14, thence with No. 1 N 86 3-8 W. 28.30 chains to 4, a stake in line of No. 2; thence with No. 2 N. 2 E. 172 chains to the beginning.

3rd—A tract of 43.72 acres described as follows: Beginning in the Middle of the Paris and Bethlehem turnpike at A; thence with the middle of same N. 3 1/4 W. 27.32 chains to B; thence N. 78 1/4 E. 15.06 chains to C, the middle of said turnpike and a corner to Ed Sparks; thence with his line S. 3 3-8 E. 31.25 chains to D, a corner to James Russell; thence with his line N. 86 1/4 W. 15.06 chains to the beginning.

The lands to be sold constitute a highly improved Blue Grass farm, 111 acres; 13 miles from Lexington, 6 miles from Paris, two miles from Hutchison Station, three miles from the interurban Road; brick house with ten rooms; tenant house four rooms; new silo; two large barns; small stable; splendid ice house; all necessary out-buildings; well and cistern; two excellent springs; good orchard; church and school near by. The purchaser will get ten acres of rye and twenty acres of growing wheat; also one-half of ten acres of growing wheat on the shares.

Said sale will be made upon the credits of six and twelve months, for equal parts of the purchase money, the purchaser or purchasers being required to execute their two bonds with good surety to be approved by the Commissioner for equal parts of the purchase money, due six and twelve months from date of sale respectively and bearing interest at the rate of six per cent. per annum from date of sale until paid, with a lien retained upon the property to further secure their payment, said bonds to have the force and effect of judgments.

The Master reserves the right to reject any and all bids.

W. F. KENNEY, Auctioneer.

(Jan15-22-29)

O. T. HINTON

Master Commissioner Bourbon Circuit Court.

EATS ANY KIND OF FOOD SINCE TAKING TANLAC

Kentucky Woman Tells How Tanlac
Put Stomach Back in Shape.

"It used to be that eating food like beans, cabbage or onions would make me sick at my stomach, but since I've been taking Tanlac I can eat anything I want," said Mrs. Mary Hunter, 110 Gray street, Louisville, Ky.

"I always had gas in my stomach after eating before I tried Tanlac, and I'd feel bloated," Mrs. Hunter continued. "My appetite was very poor, too, and sometimes I had pains in my stomach."

"I felt draggy and tired out and it was hard for me to get at my work. I got up in mornings feeling tired and sometimes I'd get up with a headache that would last all day."

"Somebody told me that Tanlac was good for the stomach and finally I tried it. Before I had taken all of the first bottle I saw I was getting better. I kept on taking Tanlac though until I had taken three bottles in all and now my stomach is back in fine shape. I can eat any kind of food I want now and I'm really feeling well again."

Get Tanlac today if you are not feeling right. Tanlac has helped thousands of run-down men and women and it will do for you what it has done for others. You can get Tanlac at G. S. Varden's drug store. (adv)

BIG INCREASE PROBABLE IN STATE RAILROAD TAXATION

An increase in assessment of the tangible property of the railroads of the State will be made by the State Tax Commission. Several of the roads will get an increase of 100 percent, while others will fare better at the hands of the Commission. The increased assessments of the railroads probably will amount to \$30,000,000, which will add considerably to the funds of the State Treasury. The Commission is now at work assessing the tangible property of the railroad companies and probably will announce the assessment some time this week.

AN ARMY OF STENOGRAPHERS.

There is to-day in the City of Washington in active operation an army whose exploits attract little notice, but whose members are doing a very large "bit" toward winning the war for America—an army of stenographers and typists, twelve thousand strong, recruited from every State in the Union. A majority of these soldiers of the notebook and typewriter are girls. Day in and day out their nimble fingers faithfully click out the tremendous volume of correspondence and records required by a great nation at war. They wear no badge nor uniform; their work is all work and has no thrill nor romance; but the United States could not stay in the war a month without them.

The rapidly expanding department in Washington employ stenographers and typists with a greed that seems insatiable. The United States Civil Service Commission estimates that there will be twenty thousand Government employees of this class in Washington at the end of this year. Owing to the general demand the Commission is finding it a difficult task to meet the calls of the departments. Examinations are held every Tuesday in 450 cities, and the Commission states that an examination will be held in any city at any time, day or night, when there is prospect of assembling a class of three or four competitors. Eligibility may be obtained through passing an examination in practical tests in shorthand and typewriting. It is practicable to complete such an examination in one hour. Representatives of the Civil Service Commission at the postoffices in all cities are furnishing definite information to persons interested.

SENATOR KING ASSERTS THE KAISER IS AN ATHEIST.

"A sacrilegious barbarian" is the description Senator William H. King, of Utah, gives to the Kaiser.

Senator King in an interview takes up the utterances of the Kaiser since he went on the throne, in one of which he calls himself the "instrument of the Almighty."

"The latest utterances of the German Emperor," says Senator King, "to the effect that the year 1917 has proved that the Lord of Creation is an unconditional and avowed ally of the German people, is in line with the many sacrilegious utterances that have characterized him since he ascended the throne."

Senator King voices the utmost abhorrence of this "cruel, fiendish and barbarous ruler," and declares he is not a Christian, but atheist.

Never Met the Man.

"Them newspapers," complained the politician, "are charging me with bowing the knee to Baal, and I never met the man in my life."—Boston Transcript.

SOCIAL AND PERSONAL.

Comings and Goings of Our People Here, There and Elsewhere.

—Misses Nellie Ferguson and Mary Turner have returned from a visit to Mrs. Stanley Swango, in Dayton, O.

—Mr. Louis Wollstein is visiting his daughter, Mrs. David Bachrach, and Mr. Bachrach, at Little Rock, Arkansas.

—Miss Margaret Slattery has returned to her home in Lexington, after a visit to the Misses Toohey, at their home near Paris.

—Mrs. E. S. Perry has returned to her home in Sonora, Ky., after a visit to her father, Rev. B. F. Orr, and family, on Cypress street.

—George W. Stuart and son, John M. Stuart, are at home from a business trip to the oil fields of Oklahoma, Kansas and Nebraska.

—Mrs. George W. Stuart has concluded a very pleasant visit to relatives in Crawfordsville, Indiana, and returned to her home on Mt. Airy avenue, in Paris.

—Mr. and Mrs. Aylette Buckner have gone to Eustis, Florida, to spend the remainder of the winter with Mrs. Buckner's mother, Mrs. E. F. Clay, and Col. Clay, who have a winter home there.

—Mrs. Albert Curry and son, Albert Curry, Jr., of Paris, were guests several days the past week of her parents, Mr. and Mrs. J. W. Wheeler. Mrs. Wheeler is improving from a four-weeks' illness.

—Miss Maybelle Spapp has resigned her position as saleslady in the Chas. S. Goldstein store and accepted a similar place in the dry goods department of the David Field stores. She is succeeded at the Goldstein store by Mrs. Edward Feback.

(Other Personals on Page 5).

LITTLE CITIZEN'S LEAGUE

Does your boy and girl know just why we are at war and why we must win? Don't be satisfied to let them take someone else's say so. Be sure that they have figured the situation out for themselves.

Do your children know what is taking place at the Nation's Capital to mobilize the men and resources, to raise money, to guard the Nation's food, to build a great American merchant marine? If not, they should. They are the citizens of the future. On their intelligence and industry will depend the speed with which the country recovers from the great sacrifice it has been called upon to make for the safety of our institutions.

The Women's Committee of the Council of National Defense, through co-operation with the State Councils, is organizing "Little Citizens' Leagues" throughout the country for the purpose of giving just this instruction that your children need. Why not have your local or neighborhood teacher organize a "Little Citizens' League?" Why not do it yourself? You can secure complete directions and literature from your State Council of National Defense.—February Mother's Magazine.

SOLDIER AND SAILOR INSURANCE.

To the man who has gone to the colors the United States Government offers the safest, the most liberal, and the cheapest insurance on the face of the earth. Approximately 300,000 men have already accepted the Government's offer, applying for insurance of about two and three-quarter billions of dollars. The average amount applied for per man is more than \$8,600, which is very close to the \$10,000 maximum provided for by the law.

This insurance total, great as it is, should be only a beginning. Every person in the military and naval forces of the Nation owes to himself and to those he loves to avail himself of the full insurance protection. But the time in which he can do so is limited. Prompt action is imperative.

Those who joined the service before October 15, 1917, must apply for the insurance on or before February 12, 1918. After that, it will be too late. The automatic insurance which is provided until February 12, 1918, is only partial protection.

Parents, brothers and sisters, who have a representative of their family in the Army or Navy should, for their own sake, and for his, write him at once urging him, if he has not already done so, to buy the Government insurance. They should urge him to buy the full \$10,000, and, above all, to buy it now.

OUR STOCK OF GOLD.

The gold money stock (coin and bullion used as money) in the United States on November 1, 1917, is estimated in Secretary McAdoo's annual report at \$3,041,500,000. The increase in the past 10 months has been \$174,500,000, and in the past three years \$1,236,500,000. In five years the portion of the world's gold monetary stock held by the United States has increased from approximately one-fifth to more than one-third.

ATTENTION FARMERS OF BOURBON INFORMATION SOUGHT BY UNCLE SAM.

The County Superintendent of Schools has been called upon by the United States Government to make a survey of labor needed during the coming season and a statement of crop acreage, livestock, seed and other farm supplies wanted or for sale. The blanks for this purpose have arrived at the County Superintendent's office and will be distributed to the teachers of each school district, who will see that each farmer in each district registers the information, from each farm operated in each district, required by the Government.

Therefore, every farm owner, or person operating a farm, is directed to either come to the County Superintendent's office between the dates of January 19 and 28, and fill in his blank from which desired information, or call upon the teacher of his school district, on or between the dates of January 24 and 28, for said blank form and said teacher will assist him in every way possible.

Do not delay this for one moment, as the Federal Government must have the information called for in order to properly take care of the labor situation all over the country. This census is the most important the Government has undertaken since war was declared. It is indispensable, so get your blanks filled immediately.

There being no school at this time in the districts of Deaver, Bethlehem, Escondido, Centerville, Ford's Mill and Hutehison, the farmers in these districts will be obliged to come to the County Superintendent's office. Do not delay! Come at once! This work must be completed by Jan. 29, 1918. County Demonstrator L. S. Robbins will assist in this work.

J. B. CAYWOOD,

County Superintendent.

CONGRESS ASKED TO PROBE SLANDERS AGAINST ARMY

Congressional investigation of "slandering charges" against the character of American troops abroad alleged to have been circulated by the Anti-Saloon League, was proposed in a resolution offered by Representative Cary, of Illinois.

The resolution proposes that Speaker Clark appoint seven members from the Military Committee to inquire into "these grave and serious charges." It says that statements "by the Anti-Saloon League, that our soldiers in Europe are drunkards, afflicted with vile diseases, filling the prisons," are "slandering and detrimental to the character and reputation of our boys who are sacrificing their lives for liberty."

The resolution would empower the committee to summon witnesses from the Anti-Saloon League, and that they be compelled to furnish proof of where they obtained their information.

BAD COLD QUICKLY BROKEN UP

Mrs. Martha Wilcox, Gowanda, N. Y., writes: "I first used Chamberlain's Cough Remedy about eight years ago. At that time I had a hard cold and coughed most of the time. It proved to be just what I needed. It broke up the cold in a few days, and the cough entirely disappeared. I have told many of my friends of the good I received through using this medicine, and all who have used it speak of it in the highest terms." Obtainable everywhere.

(adv-jan)

The Kaiser is still hoping to put Nicholas Romanoff back on the throne, so that Wilhelm Hohenzollern will be Czar of Russia.

NEWS OF WOMEN'S WORK INTERESTING TO CLUB WOMEN.

Mrs. Lowndes Resigns as Head of the Kentucky Federation of Women's Clubs.

With deep regret we learn of the resignation of Mrs. Richard T. Lowndes, of Danville, as president of the Kentucky Federation of Women's Clubs.

The Board in accepting the resignation passed a resolution asking Mrs. Lowndes to retain the title until the annual convention and appoint Mrs. Lafon Riker, of Harrodsburg, as acting president until that time.

Discussion The Club

The Woman's Society of the Christian Church will meet Tuesday afternoon at 2:30 o'clock, in the church parlors.

The Surgical Dressings Department calls for help. Two hundred pneumonia jackets must be completed and shipped by Friday afternoon. These are to be quilted and bound, so the work come within the province of those who sew.

Wear a wash dress or large apron for protection, as the jackets are made of gauze and cotton batting.

To Mr. Bismark Frank, of Frank & Co., the Red Cross Chapter is indebted for many courtesies. Much valuable assistance, and no small amount of material help. His patriotism was further evinced when he offered the services of his entire force of clerks yesterday to the Surgical Dressings Department to aid in a rush order for pneumonia jackets.

The Ladies' Missionary Society of the Presbyterian Church will meet at 2:30 p. m., Monday, at the home of Mrs. Wm. G. McClintock, on Pleasant street.

The Pastor's Aid Society of the Presbyterian Church will hold an all-day meeting Tuesday, January 22, at the Red Cross Rooms, in the Court House.

The Council of National Defense is positive it is the right organization in the right place.

As time goes on the Missouri Senator seems to be the well-known "Reed shaken in the wind."

True Affection.

A youngster, fond of visiting museums and very affectionate, startled his mother by remarking if she died he would stuff her so that he could sit in her lap all the time.

TO ADMINISTER ESTATE.

In the County Court, Judge Batteredton appointed Mr. Charles M. Skillman, of North Middletown, as administrator of the estate of David Morris. Mr. Skillman accepted the trust and qualified by furnishing bond in the sum of \$250.

NAMES AND ADDRESSES OF SOLDIERS AND SAILORS WANTED.

Some time ago THE NEWS endeavored to get a list of names of the young men from Paris and Bourbon county who are in the service of the country in the army and the navy. The object was to keep a roster the same as army organizations and clubs do. Only two names were sent in in response to the appeal, which is now repeated.

A prominent Bourbon county farmer, in conversation with THE NEWS Wednesday, mentioned the subject, saying he had noticed the plan being successfully followed out in other places. THE NEWS, as formerly stated, broached the subject some time ago, and had hoped to obtain a complete list.

We hope that the matter will be taken up by some one interested, and that we may be furnished with a complete roster. Now that there have been a large number of additions to the ranks of the future defenders of our country from this city and county, we hope that those who have the correct addresses of these men will forward them to us.

What is earnestly desired is the full name of the enlisted man; his place of birth; names of parents; place of enlistment; name of company, regiment, etc., or of the ship on which he is serving; any data of that kind that will help the cause. This will be properly tabulated in this office and kept on file, so as to form a complete reference for the future. Will those who know these boys kindly help our proposition? Mail this information to us, or send it to the office. We will appreciate it.

DRAFTED MEN TO ENTER ARMY AT TWENTY-ONE.

The government has decided on draft registration of all young men at fast as they become 21 years old as the means of keeping filled the ranks of the war army. It has decided against raising the draft age limit above 31 years.

An administration bill was introduced at the request of the War Department by Chairman Chamberlain, of the Senate military committee, to register for draft all men who have reached 21 since June 5, 1917, when the draft law became effective. The administration's support seems to assure its prompt passage. The bill agrees with the recent recommendations of Provost Marshal General Crowder.

Other administration bills introduced by Chairman Chamberlain at the request of the War Department, will supplement the draft law to make it workable under conditions that have developed. One would permit furloughing of National Army troops for harvest work or other civilian duty; another would eliminate the enemy alien population from the basis of calculation for draft quotas, by making the basis for each State, the number of men available in Class 1.

Secretary Baker is not crowding his place so that any one would notice the bulge.

The Germans cannot get away from the idea that frightfulness will frighten people.

Public Sale

—OF—

Stock, Crop, Farm Implements, Etc.

I will sell at public auction, at my residence, four miles from Paris, Ky., on the Redmon pike, promptly at ten o'clock, a. m., on

Wednesday, Jan. 30, 1918,

the following described property, all of which will positively be sold without reserve or by-bidding:

One 8-year-old mule, works any place;
One 4-year-old mare mule, good one and good worker;
One 8-year-old work horse;
One 4-year-old work horse;
One 5-year-old buggy horse, will work anywhere;
Ten good young milch cows, all bred; some will be fresh in short time;
Eight yearling steers;
Eight calves; weaned;
One bull;
One good brood sow, bred;
One good gilt, bred;
Three shoats, will weigh about 100 pounds each;
One Deering Binder;
One tobacco setter, good as new;
One Deering Mower;
Two riding cultivators;
One disc harrow;
One corn planter, good as new;
Two breaking plows;
One bull rake;
One sulky rake;
One grain drill;
One sled;
One 3 1/2 Mitchell wagon and frame;
Two good rubber tire buggies;
One steel-tired rockaway, good one;
One set good buggy harness;
One good tarpaulin, large size;
About 80 barrels of corn in crib;
About 5 tons mixed hay, baled;
About 50 shocks of fodder;
One-half interest in about 15 acres of wheat on the farm;
Turkeys, ducks, some household goods and kitchen furniture, and other things too numerous to mention.

Terms will be made known on day of the sale.

MRS. CHAS. C. COLLINS.

PUBLIC SALE

—OF—

The Most Desirable Residence in Paris

I will sell, at public auction, on the premises, at 916 Pleasant Street, between Ninth and Tenth Streets, on

Tuesday, January 29th, 1918

At 2 P. M.

my residence containing eight rooms, bath room, laundry, butler's pantry, closets, large, light attic, (floored) cellar concrete, furnace, gas, natural gas grates, screens, window shades, situated on a lot facing 66 2-3 feet on Pleasant Street, running back 214 feet, the lot being of equal width throughout.

Residence is on stone foundation, slate roof, cistern, concrete walks, shade and fruit trees.

This is the most desirable residence property in Paris, being located on the best street close in the business section of the city and accessible to the L. & N. depot, churches, schools, postoffice, and as a home is without an equal in Paris.

Possession Feb. 1st, 1918.

For further information, apply to the undersigned when the property can be shown at any time prior to the date of sale.

TERMS—One-third cash the balance in equal payments due and payable in one and two years from date, said deferred payments to bear 6 per cent. interest from said sale date.

WITHERS DAVIS

FOR THE BEST
NOTHING ELSE

TO OUR PATRONS.

Subscribers of THE NEWS must necessarily be reminded of the difficulties due to weather conditions that confront the carriers who deliver the paper.

All newspapers realize that delayed delivery is an inconvenience, but our subscribers should take into consideration the prevailing conditions, and be as patient as possible. The carriers will do their best to reach them promptly on Tuesday and Friday mornings.

Out-of-town subscribers are asked to use the same good judgment, as conditions of the same character confront rural mail carriers. Late running of trains, the withdrawal of men from the postal service to work in industries manufacturing war materials and heavy snowstorms and ice bound roads are only a few contributing factors for causing late deliveries. The postoffice department and the publishers are exerting every effort to give satisfactory service.

ATTRACTIVE HOME AT AUCTION

I will sell my residence at public auction on the premises, on Tuesday, Jan. 29, at 2 p. m.

WITHERS DAVIS.

COLD WEATHER ACCIDENTS

While en route home Friday night from his place of business, Mr. Henry Clay Curtis, of the Curtis barber shop, slipped on the ice at the corner of Main and Sixth streets near the J. T. Hinton & Co. store. His right hip was badly bruised in the fall. Mr. Curtis says he didn't mind the fall, but he worried over the breaking of a bottle of milk he was taking home.

Mr. Harry Jones fell on the icy pavement sustaining a sprained ankle and severe bruises.

ALEXANDER BANK DEPOSITORS TO RECEIVE FIFTH DIVIDEND

Mr. Buckner Woodford, of the Bourbon-Agricultural Bank and Trust Co., as Special Banking Commissioner in the George Alexander State Bank case, will distribute today to the depositors of that institution the sum of \$29,000. This will be the fifth dividend of 8 1-3 per cent., making a total of 62 1-2 per cent. that has been distributed in dividends to date to the depositors. The checks will be ready for the depositors at the opening of banking hours this (Tuesday) morning.

CANADIAN VETERAN TO LECTURE AT Y. M. C. A.

Lieut. G. S. Clarkson, M. C., of the 27th Battalion, Canadian Infantry, will give a talk on "War" at the Y. M. C. A., at 7:30 o'clock to-night (Tuesday).

Lieut. Clarkson served thirteen months on the firing line in Belgium and France. He was present at the battles of St. Elol, Ypres and Somme, in which he took an active part. Lieut. Clarkson will give a description of these battles.

Admission free. A collection will be taken, the proceeds to be devoted to the Red Cross Society.

SOME SLEDDING, AND TOUGH SLEDDING, TOO.

Never before probably were so many farm sleds or slides, as some call them, seen on the streets of Paris, as has been witnessed in the past few days. They seem to have almost supplanted the wheeled vehicles from the country, because of the deep snow.

A great deal of tobacco has been brought to the local markets in this manner, the loads being carried on wagon beds mounted on slides or runners. Many have used this means of coming to Paris to do their shopping. It looked, as "the oldest inhabitant" said, "like good old times away back yonder, when I was a boy."

REMEMBER THE DATE.

Tuesday, January 29th, at 2 p. m., my residence is to be sold at public auction.

WITHERS DAVIS.

POLICE WARN COASTERS

Boys and girls of Paris have been having a great time coasting during this cold spell, and the general public would not curtail their pleasures. But their welfare must be looked after, according to the police department.

Sledding and "hooking rides" on the rear end of passing vehicles have been popular sports with the kiddies, but for the children to place themselves in jeopardy has called forth a warning from the police at the request of a number of anxious mothers and fathers. There is no desire whatever to stop the sport, but the police want to prevent as far as possible any injury to the coasters and riders through carelessness.

SOCIAL AND PERSONAL.

Comings and Goings of Our People Here, There and Elsewhere.

—Mr. Andrew Gorey has returned to his home in Covington after a visit to relatives in Paris.

—Mr. James Pendleton is confined to his home on Maysville street, with an attack of grippe.

—Mrs. Wallace Hill returned yesterday to her home in Covington, after a visit to relatives in Paris.

—Mrs. Clyde Terwilliger, of Milford, O., is a guest of her parents, Mrs. Terwilliger was formerly Miss Olive Taul.

—Miss Mary Stone has gone to Miami, Florida, to spend the remainder of the winter with Mrs. S. L. Woolridge.

—Mrs. Horace M. Collins, who suffered a stroke of partial paralysis at her home on High street last week, was slightly improved yesterday.

—Mrs. Wm. H. Renick will leave tomorrow for Jacksonville, Fla., to visit her daughter, Mrs. Curtis P. Smith, of Ft. Worth, Texas, who is spending the winter there.

—Messrs. Joe Davis, Blair Varden and John Ragdale, of Paris, and Rees Ingels, Julian Adair and Edgar McClintock, of Millersburg, attended the dance at Winchester, Friday night.

—Mr. Robert S. McCray, of McCray Bros., Bourbon county horsemen, is in Chicago, where he will visit several days before going to Denver, Colorado, to attend the stock show. During his absence Mrs. Nellie Dick and Miss Florence Kirk, of the K. C. B. College, will be guests of Mrs. McCray.

—Prof. F. W. Clarke, of Maysville, who was recently elected a member of the Paris High School faculty as head of the Grammar School, arrived in Paris, Sunday, and assumed charge of the classes at the P. H. S. yesterday. Prof. Clarke is an experienced educator, an agreeable gentleman, and is certain to become very popular with the students and the faculty of the school.

(Other Personals on Page 3)

PUBLIC SALE OF NOTES AND ACCOUNTS.

Auctioneer M. F. Kenney sold yesterday at the court house door in Paris, for Mr. W. L. Yerkes, Trustee for R. B. Hutchcraft, a lot of notes and accounts, to County Judge George Batterton, and Master Commissioner O. T. Hinton, for \$233.00.

TROUBLE OVER WOMAN ENDS IN KILLING.

The eternal triangle—two men and a woman—brought the usual result Friday night in the colored settlement of Ruckerville, when a quarrel over the affections of a dusky damsel brought death to one of the suitors.

The principals in the affair were John Clay and Willie Bell, testimony showing Bell to have been the aggressor. According to witnesses at the Coroner's inquest held yesterday morning, Bell and Clay had quarreled about a Ruckerville woman. Bell went gunning for Clay, Friday night, and finding him near the woman's home in Ruckerville, opened fire, firing four shots at Clay. Clay returned the fire, killing his assailant.

At the inquest yesterday, Coroner Davis conducted an investigation, which brought out the facts in the case as testified to by the witnesses. The jury acquitted Clay on the grounds of self-defense.

NOTICE TO WATER CONSUMERS.

Water Consumers are warned to stop letting their faucets run to prevent freezing during cold weather. Those violating this rule of the Water Company will be subject to fine and have their water turned off.

PARIS WATER CO.

PICTURE HOUSES WILL MAKE NO PROTEST.

The moving picture theatre managers throughout Central Kentucky will make no protest against the Government's order requiring them to close on Tuesdays. They regard it as a vacation which they can well afford and which to them, will be a welcome one. Manager Fred W. Erd, of the Grand and Alamo, said: "Mr. John B. Elliott, who owns and controls the chain of moving picture houses of which Paris is a part, says, 'We are fighting Germany, not the U. S. Government, and there is not the slightest idea of protesting. What would be the use of protesting anyway?'"

POLICE AND FIREMEN IN REGULATION UNIFORMS.

The members of the Paris police and fire departments are now attired in their new uniforms of regulation metropolitan pattern, and present a fine appearance. The police are uniformed in regulation navy-blue cloth, with buttons and badges bearing the city monogram, and army style cap, with wreath. The firemen are feeling proud of their uniforms, which are made after the metropolitan patterns, with navy-blue service caps of the most approved pattern.

PARIS BASKET BALL TEAM TRIMS LEXINGTON HIGH.

On Friday night the basket ball teams from Lexington High School came to Paris making the assertion that they were going to beat the Paris High School teams by as much as fifty points; but their dreams failed to materialize. The Lexington girls were completely outclassed in every department of the game, and the goal throwing of Misses Rose and Elder, the Paris forwards, kept them staring in astonishment. In spite of the fact that the Lexington team had apparently been coached to play by boys' rules with which the Paris girls are not familiar, there was never any doubt as to the outcome of the game, and the final score was Paris 32, Lexington 14.

We see by a Lexington paper that a certain Mr. Smith, of the Lexington High aggregation, played center and garnered quite a number of goals; but the official score shows that Scott and King took turns at playing center. Scott got one goal, and King got none; while Rice, the Paris center, was getting two. Each team threw the same number of field goals, and Lexington threw three more fouls than Paris by which three points they won the game. Every Paris boy played his position as it should be played in spite of the fact that some members of the team are playing their first season. Considering the difference between fifty points which Lexington expected to beat them and the three points which they did beat them, the Paris boys should be very well pleased with the game they put up.

A summary of the game follows: Lexington—Field goals, W. King 3, J. W. Smith 2, Scott 1, Fuller 1. Paris—Field goals, Rice 2, Burnett 2, Roberts 3.

Foul goals, J. W. Smith 4, Burnett 1. Referees, Miss Lona McCord, L. K. Smith.

Georgetown College came over Saturday night, and annexed a nicely-played game from the Paris team by a score of 28 to 22. The Georgetown team was accompanied by their coach and physical culture director, Prof. Robert Hinton, a former Paris boy.

COMPLIMENTS REUBEN.

A delightful compliment was paid to former Representative, Lieutenant Reuben Hutchcraft, of Paris, who is now in France with General Pershing's expeditionary forces, when the House at Frankfort, Friday, passed a resolution commending him for his service to America and wishing him success. The resolution was introduced by Representative Minor.

K. OF P. MEETING.

All members of A. J. Lovely Company, Uniform Rank, K. of P., are requested to meet at their Castle Hall, in the Wilson Building, corner of Main and Third streets, at 7:30 o'clock, to-morrow (Wednesday) night. Business of importance. WM. W. DUDLEY, Captain.

JEFFERSON WILL ADMITTED TO PROBATE AT CARLISLE.

The will of the late Mr. Perry Jefferson, who died at his home in Carlisle, some time ago, was admitted to probate before County Judge Harry B. Kennedy, at Carlisle. The will was written in October, 1913. It directs that all the property left after payment of debts and funeral expenses, go to his widow, Mrs. Jefferson, absolutely without reserve or restriction. Wm. S. Dudley, of Lexington, and Mrs. Jefferson are nominated as executors to administer the estate, with the request that they be permitted to qualify without bond. The will directs that no inventory of the estate be required. Mr. Jefferson, who was familiarly known everywhere as "Uncle Perry," was one of the best known men in Central Kentucky. He was a native of Mason county, but had been a resident of Millersburg and Carlisle for many years. He was prominently connected with the tobacco and farming interests of Bourbon and Nicholas counties.

THE FEBRUARY WOMAN'S HOME COMPANION.

Ida Tarbell has written a fine article called "Patriotic Buying" for the February Woman's Home Companion. It points out how much could be saved by sensible ordering and elimination of deliveries by the stores. "The High Cost of Beauty" is the story of a beauty parlor of Fifth Avenue, New York, as told to Corrine Lowe; Mary Heaton Vorse writes about "The Perfect Young Person;" and there is an interesting article about Better Films in your town.

The fiction is fine this month, starting off with the first part of a new novel by Max Lee Luther called "The Hope Chest." It will be concluded next month. Other stories are by Elizabeth Jordan, Nancy Gunter Boykin, and Mary Cutting.

Every department maintains its usual high standard, and the fashions, pictures, cooking and all the others having interesting and instructive material.

Songs of the Heart.

The finest music of the greatest orchestra on earth cannot help a heart along to happiness as the songs do that the heart sings to itself—songs of cheer, of patience, of trust, of unselfish love. These make the melody of life, and grow stronger and sweeter by practice year by year.—Exchange.

PARIS EVIDENCE FOR PARIS PEOPLE

The Statements of Paris Residents Are Surely More Reliable Than Those of Utter Strangers

Home testimony is real proof. Public sentiments of Paris people carry real weight.

What a friend or neighbor says compels respect.

The word of one whose home is far away invites your doubts.

Here's a Paris man's statement. And it's for Paris people's benefit.

Such evidence is convincing.

That's the kind of proof that backs Doan's Kidney Pills.

J. W. Larkin, farmer, 431 High street, says: "I am only too glad to recommend Doan's Kidney Pills, because I have at times had a dreadful ache across my kidneys and the kidney secretions were too frequent in passage. A box or so of Doan's Kidney Pills at these times has never failed to cure me of an attack."

Mr. Larkin is only one of many Paris people who have gratefully endorsed Doan's Kidney Pills. If your back aches, or your kidneys bother you, don't simply ask for a kidney remedy, ask distinctly for Doan's Kidney Pills, the same that Mr. Larkin had—the remedy backed by home testimony. 60 cents at all stores. Foster-Milburn Co., Props., Buffalo, N. Y. "When your back is lame, remember the name."

THE GIST OF IT.

"Last December I had a very severe cold and was nearly down sick in bed. I bought two bottles of Chamberlain's Cough Remedy and it was only a very few days until I was restored to health," writes O. J. Metcalf, Weatherby, Mo. If you would know the value of this remedy, ask any one who has used it. Obtainable everywhere. (adv-jan)

FRENCH TYPEWRITER DESKS MAKE USERS STAND UP.

Officials in the French army do not believe that the most efficient service is obtained from members of the military clerical force when the latter sit at their desks practically all day without interruption, according to the February Popular Mechanics Magazine. Thus the French government has installed, for the use of army clerks, typewriter stands so made that each machine is alternately raised and lowered each half hour. The innovation is reported to have proven very beneficial.

SUPT. OF SCHOOLS CAYWOOD SUGGESTS RECRUITING OF TEACHERS.

A call on Bourbon county in behalf of the Public Schools:

The volunteers from the young men principals and the drafting of others have hit the schools hard, especially in principalship and upper grade work, all over the State and if the schools are going to be run efficiently while this war lasts and even for a time afterwards.

Two suggestions might be made.

First, There is a large number of educated women in this county, who, no doubt, have never thought of teaching, but could teach as well as knit, with a little training. Of course the salaries may not be over \$50 or \$60 a month, but they would be doing the finest kind of patriotic service.

Second, There is going to be a greater shortage of principals next year than now. In this county there is a number of experienced women and men over draft age, who could with a little training do the work splendidly as principals and demand from \$85 to \$100 per month.

A splendid place to take this training is at the Eastern Normal School, this winter and spring and be thoroughly prepared for the service. Come in and get scholarships and begin at once.

You have been engaged in campaigns for Liberty Loans, Y. M. C. A. and Red Cross—all splendid and needed enterprises—but here is a paper that should have a unique appeal to women because it is for protection of young womanhood of our country.

J. B. CAYWOOD.

EX-SLAVE OWNS 6,000 ACRES OF LAND.

As an example of what an industrious negro may do for himself in the South, Arkansas points to Scott Bond, of Madison, former slave, who now owns 6,000 acres of the most fertile cotton land in the State, several cotton gins, storehouses, hundreds of head of live stock and a large merchant establishment.

Bond was born in Mississippi and moved to Arkansas at the close of the Civil War. For years he has been active in the National Negro Business League, though recently age has prevented him from taking the active part he did on the organization of the society. He has given \$200 to the Red Cross and purchased \$6,000 worth of Liberty Bonds.

He says he is negotiating for the sale of property which will permit him to invest \$75,000 in the next Liberty Loan.

UGH! ACID STOMACH, SOURNESS, HEARTBURN, GAS OR INDIGESTION

The Moment "Pape's Diapepsin" Reaches the Stomach All Distress Goes.

Do some foods you eat hit back—aste good, but work badly; ferment into acids and cause "a sick, sour, gassy stomach?" Now, Mr. and Mrs. Dyspeptic, jot this down: Pape's Diapepsin helps neutralize the excessive acids in the stomach so your food won't sour and upset you. There never was anything so safely quick, so certainly effective. No difference how badly your stomach is upset you usually get happy relief in five minutes, but what pleases you most is that it helps to regulate your stomach so you can eat your favorite foods without fear.

Most remedies give you relief sometimes—they are slow, but not sure. "Pape's Diapepsin" is positive in neutralizing the acidity, so misery won't come back very quickly.

You feel different as soon as Pape's Diapepsin comes in contact with the stomach—distress just vanishes—your stomach gets sweet, no gases, no belching, no eructations of undigested food, your head clears and you feel fine.

Go now, make the best investment you ever made, by getting a large fifty-cent case of Pape's Diapepsin from any drug store. You realize in five minutes how needless it is to suffer from indigestion, dyspepsia, or any stomach disorder, due to acid fermentation. (adv)

FIRST STEP TAKEN TOWARD NEXT LIBERTY LOAN BOND

As the first financial step in preparation for the third Liberty Loan Secretary McAdoo has announced a new issue of four hundred millions of treasury certificates of indebtedness, bearing 4 per cent. interest, payable April 22. They will be accepted as payment on the third Liberty Loan subscription.

This arrangement indicates that the first payment on the third Liberty Loan will be on or about April 22, and if the same plan of installment payments is maintained for the third loan as for the second loan, the bond selling campaign will be in March. For the second loan the first payment was received two weeks after the campaign closed.

If you would read your title clear to mansions in the sky, stick to the aeroplane rather than the submarine.

Experience will give a man tuition, but he must be born with intuition.

FEBRUARY—AMERICAN MAGAZINE.

Harold Bell Wright, who has sold over seven million copies of his books, has written his first magazine article for the February American Magazine. It is called "The Sword of Jesus," and asks what Jesus would do in this great world war. Every man, woman and child in America should read it.

In addition there are fine articles about the Mayo Brothers, the great doctors of Rochester, Minn.; Thos. Edison and Abraham Lincoln. The Edison article presents a new view of the famous genius, discussing not his inventions, but the personal wisdom of the man. "What I Learned from 'Abe' Lincoln" tells how pictures and the life of Lincoln has inspired one man, and Walter Prichard Eaton tells of the plays worth seeing this winter.

The fiction contains good stories by Holworthy Hall, William Dudley Pelley, Samuel Derieux and other well-known writers. The Interesting People Department is fine this month. Bruce Barton continues his serial, "The Making of George Gordon." Sid Says: "If you aren't fighting, are you worth fighting for?" and Family Money contains many helpful hints on how to save.

There are two finishes that are running a neck-and-neck race, that of the war and that of Kaiser Bill, and we don't care a rap which comes first.

Talk is cheap. And even then you sometimes have to take it back.

MOTHER! GIVE CHILD "SYRUP OF FIGS" IF TONGUE IS COATED

If Cross, Feverish, Sick, Bilious. Clean Little Liver and Bowels.

Children love this fruit laxative, and nothing else cleanses the tender stomach, liver and bowels so nicely.

A child simply will not stop playing to empty the bowels, and the result is, they become tightly clogged with waste, liver sluggish, stomach sour, then your little one becomes cross, half-sick, feverish, don't eat, sleep or act naturally, breath is bad, system full of cold, has sore throat, stomach-ache or diarrhoea. Listen, mother! See if tongue is coated, then give a teaspoonful of "California Syrup of Figs," and in a few hours all the constipated waste, sour bile and undigested food passes out of the system, and you have a well, playful child again.

Millions of mothers give "California Syrup of Figs" because it is perfectly harmless; children love it, and it never fails to act on the stomach, liver and bowels.

Ask your druggist for a bottle of "California Syrup of Figs," which has full directions for babies, children of all ages and for grown-ups plainly printed on the bottle. Beware of counterfeits sold here. Get the genuine, made by "California Fig Syrup Company." Refuse any other kind with contempt. (adv)

When you think of Crown Prince Willy you wonder how in the world even Papa Wilhelm can believe in hereditary divine right.

The Right Number

When you go out to make a call in person you always assure yourself of the right address.

In making a telephone call it saves a lot of time and bother to be sure of the number.

The absolutely sure way is to first consult the telephone directory—not trusting to memory—and then listen carefully when the operator repeats back to you the number, correcting her if she is wrong.

PAIGE

The Most Beautiful Car in America.

THE seven passenger Paige "Six-55" and the five passenger "Six-39" are the supreme leaders in their respective fields. PAIGE PRIDE OF OWNERSHIP and PAIGE PERFECTION distinguish them—both of them.

A choice between these two models must be governed entirely by your personal requirements.

But, in either case, you cannot make a mistake. The basic quality is identical. They are blood brothers of the same strain.

The really important thing about both cars is the Paige name plate. That is your guarantee of enduring satisfaction.

Essex "Six-55" 7-passenger \$1775; Coupe "Six-55" 4-passenger \$2850; Town Car "Six-55" 7-passenger \$3230; Limousine "Six-55" 7-passenger \$3230; Sedan "Six-55" 7-passenger \$2850; Brooklands 4-passenger \$1795; Linwood "Six-39" 5-passenger \$1330; Glendale "Six-39" Chummy Roadster \$1330; Dartmoor "Six-39" 2 or 3-passenger \$1330; Sedan "Six-39" 5-passenger \$1925.

CONSERVE COAL BY WATER POWER DEVELOPMENT.

(Omaha Bee, December 5, 1917.)

By far the greater part of our coal consumption is for the purpose of generating power to drive the machinery used in transportation and industrial processes. It is the complete dependence of our mills and factories, railroad and steamship lines upon the coal supply which makes it so imperative for us to have a regular and reliable output from the mines. While other fuels, such as gas, natural gas, fuel oil, gasoline and wood, can be substituted for coal, the extent to which it is possible to carry this substitution is extremely limited and at best it can serve only to relieve the pressure for increased coal consumption. It must not be forgotten either that the available supply of the substitutes likewise is strictly limited.

The one obvious way to conserve coal without using up some other kind of fuel is through water power development through harnessing forces of nature that can be made to do the same work with no diminution of supply. True, the number of water power sites that may be profitably utilized is definitely limited, but in each case the energy capacity can be drawn upon continu-

ously and indefinitely and without danger of exhaustion. The inevitable tendency of the higher coal prices caused by the increased demand is to make feasible and profitable water power developments that previously did not seem worth while.

Continued neglect to make these developments, thus leaving all this fuel-saving energy to run to waste while we burn coal that cannot be replaced, is an indictment against our American enterprise and ingenuity, and to expedite this development further legislation should be forthcoming without delay.

WOMEN OF SEDENTARY HABITS

Women who get little exercise are likely to be troubled with constipation and indigestion and will find Chamberlain's Tablets highly beneficial. Not so good as a three or four mile walk every day, but very much better than to allow the bowels to remain in a constipated condition. They are easy and pleasant to take and most agreeable in effect. Obtainable everywhere.

(adv-Jan)

TOBACCO CONTRACT BASIS OF UNIVERSAL DAMAGE SUIT.

George W. Hall filed a petition in Shelby Circuit Court against Jessie Hary, containing allegations forming the basis of an unusual action for damages. Hall, who asks \$300 in lieu of damages, says that while he was a minor he entered into a contract with Hary to grow tobacco on the shares. He says he entered upon the performance of his contract in good faith, but that the defendant, with the alleged intention of defrauding him, represented to him that he was in danger of arrest by the Federal authorities on a charge of draft evasion in failing to register for military service. Plaintiff claims Hary offered him \$180 for his share in the crop, which he declined, but later accepted when he found himself unable to market his interest. He claims his share of the crop was worth \$500 and asks judgment for \$300.

That distance lends enchantment to the view is of little interest to the chronic borrower.

The American House Manager is today a member of the army that is fighting to save democracy in the world. More than 11,000,000 managers of American homes have enlisted for the duration of the war and pledged themselves to support the fighting men by the way they buy, cook and serve food. Food will win the war, and these women will help to win it. America must send food to Europe. The armies cannot hold out if we fail to send it. Only certain foods

can be shipped—those that pack the most food value into the smallest shipping space. These foods are wheat, meat, fats, sugar. We cannot eat them and send them too. We cannot eat them and send others. We must send these foods, and in order to do that we must eat other foods ourselves. The American House Manager will see to it that no food comes into her home that does not do its full duty under her management in winning the war.

BIG CORN CROP IS NOW MOVING

More Than 3,000 Million Bushels Raised in 1917—Gives Big Surplus.

SAVES WORLD FOOD SITUATION

America Beginning Greatest Corn Consumption in History, Using Cereal in Many Delicious Dishes.

Corn, America's greatest cereal crop, is now moving rapidly to market.

More than 3,000 million bushels—30 bushels for every man, woman and child in America—were raised in 1917. It was a mighty crop. The actual increase is about 500 million bushels. And this extra store of grain is coming on to the market in the nick of time, since the American wheat surplus has been sent to help feed famine threatened Europe.

Just as it happened in the Colonial days, the War of the Revolution, and the Civil War, corn has actually become the nation's mainstay.

In the entire list of America's food commodities there is no item that is better than corn. In puddings, bread, corn pone, and as hominy combined with meat or eggs, corn is without a peer. Housewives are fast learning the large number of delicious dishes that may be made with corn and their families are benefiting by an increased use of the cereal. Corn, more than any other cereal, contains all of the elements essential to maintaining life and health.

In order that the fighting men abroad and in the army camps at home may be fed, and in order that actual famine may be kept from the nations associated with America in the war, the citizens of America are finding corn products delicious and palatable on "wheatless days" and glory in the fact that "wheatless days" here mean more wheat for the war worn allied nations in Europe.

England, France and Italy must be fed from America's great storehouse. They will get some corn—especially Italy—but most of their grain shipments must be wheat. Their ability to use corn is small compared to the facilities they have for using wheat. And it is the opinion of officials in Washington that the present is no time to try and change the eating habits of Europe.

America's greatest use of corn will be in the form of corn bread and corn meal, mixed with wheat in the making of leavened bread.

Mixed with 80 per cent. wheat flour, corn meal can be used in bread making, producing a loaf more nutritious than bread baked with wheat alone. It is a fact corn millers will verify that dozens of the large American bakers have been successfully using a corn flour in bread making for several years.

Hominy grits, served at breakfast with a poached egg, or eaten at any other meal with meats or gravy, is another use of corn that will become unusually popular during the war.

Corn syrup to sweeten corn cakes, and corn oil for use in all kinds of cooking, are two more products that are already welcomed in thousands of American homes.

THE UNITED STATES FOOD ADMINISTRATION SAYS:

Food saving is in its essence the daily individual service of all the people. Every group can substitute, and even the great majority of thrifty people can save a little—and the more luxurious elements of the population can, by reduction to simple living, save much. This means no more than that we should eat plenty, but wisely and without waste.

Food Will Win the War

A LARGE part of the world is coming to the position that Belgium is in; coming to the stage where the primary and important thing in life is enough food to keep alive. Food has now taken a dominant position in the war. The American people must prepare themselves to sacrifice far more than was at first thought necessary.

The cold facts are: France, Italy and England have just enough food to keep them going ten or twelve weeks. When America's food shipments stop—the allied nations begin consuming into this slender store and begin a swift march into actual famine conditions—which would mean defeat in short order.

Europe then must live on America's surplus. Your saving increases our available stocks just that much and actually feeds some person in the countries with which we are associated in our war against the Central Powers.

Our surplus wheat has already been shipped to the allies.

A Legally GUARANTEED CURE for Hog Cholera

Think of it, Mr. Farmer, here's a remedy for hog cholera that is sold under a "Legal Guarantee Bond." How can you afford to take chances against hog cholera when you can get this remedy on such terms?

Bourbon Hog Cholera Remedy

Is the only remedy ever put up that is guaranteed to cure and prevent hog cholera. It does not work better than any other known remedy, or it would not be sold on such a guarantee. Get it at: O'Neil & Co., A. & A. H. Druggists, BOURBON REMEDY COMPANY, Lexington, Ky.

MILLERSBURG

—Mr. and Mrs. E. D. Baldwin returned Saturday after a ten-day visit to relatives at Maysville.

—Mr. J. H. Stewart and Mrs. Sarah Shea are among the sick. Mrs. G. W. Clifford improves slowly. —At a called meeting of the City Council, Thursday afternoon, for the purpose of considering pool room licenses, licenses were refused Mr. Jesse Cumber and G. W. Baker, Jr.

—Mrs. Bayles DeBell returned to her home at Ewing, Monday, after a several weeks' visit to her daughter, Mrs. R. M. Caldwell. She was accompanied home by Mrs. Caldwell for the day.

—NOTICE TO THE PUBLIC.—Commencing January 1, we have established a thirty-days' system. All accounts will be due the first of each month. This has been brought about by war conditions. Owing to the short market we cannot sell goods on long time. Trusting that we may keep all our old customers, and make as many new ones as possible, we are yours for a prosperous 1918. (18-24)

JONES BROS.

—Our town and community received a pleasant surprise when it became generally known that Mr. S. C. Carpenter and Mrs. Minnie C. Hurst had married in Louisville, and that Mr. John Wright and Miss Amelia Hurst, daughter of Mrs. Hurst, were united in marriage at the home of Mr. and Mrs. T. K. Smith, at Paris, Mrs. Smith being a sister of Miss Hurst. This is one of the most peculiar coincidences that has transpired in our community for a long time. Immediately after their marriage Mr. and Mrs. Wright went to Louisville, where they joined Mr. and Mrs. Carpenter, remaining there until Friday evening.

Mr. Carpenter is one of our most prominent and successful farmers, and an extensive dealer in blooded horses, and for a number of years has been prominent as a judge of horses at many of our county fairs, also the Kentucky State Fair, at Louisville, and Bluegrass Fair, at Lexington. He is one of the best known horse dealers in Kentucky, and conducts annual horse sales every May at Atlanta, Ga. This is his second matrimonial venture, his wife having died more than two years ago. Mrs. Hurst is the widow of the late Fielding F. Hurst, who died about five years ago, and for a

number of years prior to his death was General Manager and Secretary of the Hurst Home Insurance Co. Mr. and Mrs. Carpenter returned Friday evening. Mr. and Mrs. Wright, Saturday. Mr. and Mrs. Carpenter entertained their immediate relatives with an elaborate dining at their beautiful home Saturday.

MATRIMONIAL.

HURST—WRIGHT.

—Miss Amelia Hurst, daughter of Miss Minnie Hurst, of Millersburg, and Mr. John Wright, of Millersburg, were married in Paris, Wednesday, the ceremony being performed at the home of Mr. and Mrs. Thos. K. Smith, by Rev. C. O. Cossaboom, of Millersburg. Mrs. Smith is a sister of the bride.

On the day following Mrs. Minnie Hurst and Mr. Sanford C. Carpenter, both of Millersburg, were married at the home of the officiating minister, Rev. Mr. Nutter, in Louisville. Mrs. Carpenter is the mother of the young woman who became Mrs. Wright on the day before.

Mr. and Mrs. Carpenter and Mr. and Mrs. Wright will reside in Millersburg. Mr. Carpenter is one of the best known horsemen in Central Kentucky. Mrs. Carpenter was the widow of Mr. Fielding Hurst, president of the Hurst Home Insurance Co., with headquarters at Millersburg. Mr. Wright is a popular young farmer of the Millersburg precinct.

RAGSDALE—RENICK

—The following from a Middletown, Ohio paper, will be of interest to the many Paris friends of Mr. Morris W. Renick, formerly of Morris W. Renick, a son of Mrs. W. H. Renick, of Paris, and a brother of Mr. B. M. Renick, of the Paris Milling Co., and Mrs. Duncan Bell, of Paris:

"The engagement of Mrs. Ella H. Ragdale to Colonel Morris W. Renick was announced Saturday evening at Mrs. Ragdale's home 549 South Main street to a small circle of friends gathered for the evening. The announcement has been a continual source of congratulations

and the warmest felicitations have been the portion of the bride and groom-elect in consequence.

"Mrs. Ragdale, who is a sister of Mr. Charles Hook, of the American Rolling Mill Company, holds a close place in her circle of friends to whom the engagement news comes as a pleasing surprise.

"Col. Renick is a well-known figure in activities here and has held important positions in the movements of the day. He is president of the First National Bank, president of the First Savings Bank, vice president of the W. B. Oglesby Paper Company and president of the Advance Bag Company.

"The exact date of the marriage of this popular couple has not been announced, but it is expected to occur during the spring season."

DEATHS.

FOX.

—Delayed train connections at Cincinnati with trains from New York prevented the body of Mr. James Fox arriving in Paris until a very late hour Friday night. The body was taken to the J. T. Hinton Co.'s undertaking establishment.

The funeral, which had been arranged for Friday afternoon, was held Saturday afternoon, at three o'clock, with services at the grave in the Paris Cemetery, conducted by Rev. W. E. Ellis, pastor of the Paris Christian church. Mr. Fox died in New York last week, after a short illness.

ARDERY.

—The funeral of Mrs. Ella Ardery, whose dead body was found on the floor of her home at the corner of Vine street and Stoner avenue, Thursday afternoon, was held at the home of her mother, Mrs. Belle Adair, near Paris, at two o'clock, Saturday afternoon. Services were conducted by Rev. Geo. H. Harris, of Versailles, assisted by Rev. I. J. Spencer, of Lexington. The pall-bearers were John Towles, Ollie Hedges, Lawrence Horton, Sidney Ardery, Lafayette Ardery, Dr. Harry E. Mathers. The burial followed in the Paris Cemetery.

Mrs. Ardery was a devoted mother and a conscientious Christian whose chief aim in life was to do good to all around her. In her home life she preserved the ideal home atmosphere, and did all in her power to make those with whom she associated happy and contented. To her only child, Mr. Wm. B. Ardery, Jr., she was more than mother—friend, counsellor and advisor. In her passing away the community loses one whom could not well be spared and to her family, relatives and friends the loss is irreparable.

Mrs. Ardery was possessed of a disposition so amiable and lovely that friends were instantly drawn to her and retained by her charm of manner. Her home was one where genuine hospitality reigned, and in the language of the poet, "None knew her but to love her."

BIRTHS.

—In Cincinnati, to the wife of Mr. Harry Saloshin, formerly of Paris, and now residing in Somerset, a daughter, second born.

CORN EQUALS WHEAT.

(Farm and Family)

Corn bread has practically the same food value as wheat, the United States Department of Agriculture points out in a recent article in the Weekly News Letter. This article says in part:

"Corn is practically as digestible as wheat flour, it is said, in spite of a common belief to the contrary. Experiments have shown that in a mixed diet, 89 per cent. of the protein and 99 per cent. of the carbohydrates in corn meal mush are digested. Of the corn meal food energy, 97 per cent. is available for the body."

BOURBON HORSEMEN'S ENTRIES IN BREEDER'S FUTURITY.

The following Bourbon County turfmen have entered thoroughbreds in the 1918 Breeder's Futurity and in the same event for 1919: J. Hal Woodford, 1; Arthur B. Hancock, 14; Talbott Bros., 2; Williams Bros., 3.

For the 1918 running, Mr. Woodford has nominated a bay colt by McGee—Babbie, and for the 1919 running, a chestnut filly by Martha Santa—Rose of Pink. For the 1919 running Mr. Hancock has nominated the following:

br c, by Celt—Augusta Victoria.
b c, by Wrack—Aurine.
b c, by Wrack—Blazing Star.
ch c, by Celt—Etelka.
b c, by Celt—Follie Levy.
b c, by Wrack—Lady Aristocracy.

More Money From the Same Feed

That's the experience of every farmer who uses Avalon Farms Hog-Tone. "Tone" a hog and he thrives better. He assimilates a bigger percentage of his food. He is not held back in his growth by the dozens of parasites and disorders that are an ever present menace to his growth. Read this letter about getting more value from the same feed.

THE AVALON FARMS COMPANY,
Chicago, Ill.

In answer to your inquiry of my success in feeding Hog-Tone, will say that it has been with good success. I would say that it is a great appetizer, and will also say that it is beneficial to any hog that is not feeding out good. A man will get more feeding values from his feed if he will keep his hogs in good condition and I have found no better conditioner than Avalon Farms Hog-Tone.

JOHN W. GANDY, Albion, Ind.
